Friday 15<sup>th</sup> December

It has been quite an exciting week this week with all the snow! On Friday I was pleased to be able to test the email and text alerts we have now due to our electronic payment system. Between sending the message about school closing, to the last child leaving was only two hours, which is fantastic. I think we can make the system even slicker with a few changes, so in the event of another school closure during the day please do the following:

- make sure we have contact details for you on that day if they are going to be different to those we have on record for you;
- if you need to leave a message please use the admin email address or telephone number; and
- if you do telephone school, please leave a message rather than phoning multiple times as this ties the phone line up.

Once the snow had fallen, the decision to open the school is always based on the road conditions and not the school car park. However, I would like to say an enormous thank you to Simon Roberts who very kindly cleared the car park for us which made it much safer for the cars and the school buses.

We are having our afternoon and evening performances next week so I would like to remind parents (and other family members) not to use the pub car park during these events and to please make sure you do not park in such a way as to block in any local residents.

We would also like to say a big thank you to Mr and Mrs Morris (Alice Morris' parents) and Winston Farm in Ellesmere who have kindly donated a beautiful Christmas tree to school. Winston Farm have some Christmas trees for sale if you would like to buy one. I believe they also have some of Father Christmas' reindeer staying with them at the moment if you would like to visit them!
