Fitness trackers

This week you should have received a copy of a letter regarding the use of fitness trackers in school and the ban on smart watches. I would just like to add some further clarity to the letter, as I was asked about a watch with a possible texting function. The use of any device which records in any way, or communicates in any way is not allowed in school. We also have no facilities to secure valuable items in school so I would strongly advise against allowing children to wear high value watches or fitness trackers.

As the situation regarding wearable technology is an issue faced by all schools, the local authority are in the process of writing a county wide policy. I will take regard to this policy when it is complete, and I may in the future have to change the school policy regarding wearable technology. If you are considering buying anything like this for your child, please wait until I can provide further information regarding the county policy.

Bryn Offa's NSPCC John o' Groats to Land's End Challenge

This year Bryn Offa have decided to support the NSPCC. In order to do this we have asked the children to take part in a sponsored walk or run. During next week, each class will be asked to walk/run for 20 minutes each day. Within these sessions, the total distance covered will be added together. As a school, by the end of the week, we aim to have covered the 603 miles from John o' Groats to Land's End. Please encourage your child to get as many sponsors as possible for this worthwhile cause and keep an eye out on the website for daily updates.

Battle of Britain

As part of their journalistic writing across Class 3, 4 and 5, they will be starting their Battle of Britain history topic next week with a bang! Please watch out for something exciting happening on Monday morning.
