# Part A: Pupil premium strategy plan

## Statement of intent

Our objective for our disadvantaged pupils to achieve the same academic success as their less disadvantaged peers, and that they are given the same access to extra-curricular provision and outdoor education.

Our strategy directly funds elements such as residential visits and through increased staffing and scrutiny of the pupil premium children's academic progress.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<i>Disadvantaged children are not always able to afford to pay for the residential visits in Years 5 and 6.</i>
2	Disadvantaged children are not always able to afford extra-curricular activities provided by external agencies such as guitar lessons.
3	Disadvantaged pupils don't always make the same academic progress as the children from more affluent households.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
All children attend residencies unless there is a reason other than financial	Attendance on residential visits
Disadvantaged children achieve a comparable amount of progress compared to their peers	End of year assessment data shows these children have made comparable progress when compared to their peers.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

## **Part B: Review of outcomes in the previous academic year**

### **Pupil premium strategy outcomes**

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

*Strategies for extra curricular and residential visits have ensured 100% of the children have done residential visits or have done music lessons if they wanted to.*

*Due to the small number of pupil premium children it is difficult to compare to the whole cohort for academic progress. Individual children's progress is tracked in detail and additional support provided to ensure they make good progress throughout the school. Their progress is generally comparable to their peers.*

### **Externally provided programmes**

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*
