Dear Sir,

to you as I am deeply concerned about the temperature of
and how we need stop it from heating up more than
now. We need to stop; throwing plastic in the sea, ~~garbage~~
garbage.

different species of fish in the sea that are dying everyday
is, but that can change. It is vital that we keep
alive and well and keep seas alive as they are
I recommend you use your public voice to tell this all
I am awaiting a response from you.
